

Name: Neha Pravin Dhule

Phone No.: 9004943198

Email nehadhule 55@gmail.com

Address: Mumbai, Maharashtra.

Age: 20

Career Objectives

Motivated Computer Engineering student with a strong programming skill so such as Python, Java, C. and SOL. Experienced in developing academic projects involving database, problem-solving, data structure, Algorithm and coding efficiency, looking to gain hand-on Industry exposure as a software Engineering at prestigious companies. While contributing to real world software. development initiatives.

Educational Qualifications.

- Terna Engineering college, Nerul
Bachelor of Engineering (B.E.) in Computer Engineering
Expected Graduation: June 2027 (currently in Third Year)
(Second year CGPA: 8.72)
- Kendriya Vidyalaya Mankhurd
Higher Secondary Certificate (HSC)-Science (Computer)
Completed: 2023. May.
- Kendriya Vidyalaya Mankhurd
Secondary School Certificate (ssc)
Completed May 2021

Certification

- Python Certificate Infosys springboot
- C programming Course
- Oracle DBMS course
- Soar- AI for all
- Generative AI
- Google Cloud Career Launchpad - Cloud Digital Leader Track

Projects

- Quiz Game Application (Java)

Developed a well GUI for role-based quiz platform for teachers and students.

- Retail Management System (Python, MySQL) Implement customer management, billing and product availability.
- Ai based Paper setter
This project to develop the automated question paper generated system and accessing those papers by student.

Technical Skills

- Languages: Python, Java, C, SQL, Html, CSS, JS
- Tool's and IDE'S: Git, Visual Studio code, Pycharm
- Operating System: Windows, Linux
- Core Area: Object-oriented Programming, Data structure, Algorithm, Database System, artificial intelligence

Soft skills

- Problem-solving and Analytical Thinking.
- Teamwork
- Effective communication.
- Time management

Achievements.

- Secured and Position in class during HSC (12th grade)
- Awarded silver Medal in Inter-School Kabaddi Championship.
- Certificate of participating in Internship Common Aptitude Test

Strengths

- Strong problem-solving and logical thinking skills.
- Good knowledge of programming
- Quick learner with curiosity for emerging AI technologies
- Ability to research, analyze and apply new concepts effectively

Personal Details.

- Language: Hindi, English, Marathi
- Availability: Immediate for Internship (3-6 months)
- Date of birth: 23th May 2005
- Nationality: India
- Resident: Mumbai, Maharashtra
- Hobbies: Drawing, Dancing, Reading books.
